RIDER

Presenter to provide the following at no cost to the Artist or Agent:

- a well maintained grand piano that is to be tuned on the performance date. A well-maintained grand piano is mandatory for performances where Ms. Wilson is soloist with symphony orchestra. Ms. Wilson must be provided quality practice time on the concert grand piano(s) that she will be performing on. When the concert grand piano for the performance(s) is not available for Ms. Wilson to practice on, she must be given access to another grand piano to practice on daily during her stay. This alternative piano could be at a Music School, or in a different location in the concert hall building, but must be available for a number of hours per day for her use.

This is essential for performances where Ms. Wilson is the soloist with symphony orchestra (or if not available, we must be notified and Ms. Wilson must approve the alternative, prior to the contract signing).
